

“Starr's Book Club”

Dear Parents:

Eagles Landing Corporation is Presenting "The Starr's Girls Book Club". Eagles Landing provides Programs and Services to families. We have The SisterFriend Coalition ,which is a Program for adult women who live beyond themselves, and want to create change in our communities and the lives or other's. Through the SisterFriend Coalition Program comes The Esther Generation Program for girls.

On June 26, 2021 on a Zoom or Teams Platform. We will begin our Starr's Book Club which will be featuring The Bessie Coleman Story. This will be our prototype session.

The program will be 8 weeks long. Our vision is to highlight powerful African American as well as Latino women who have come before us, as well as living Legions. We would like girls to reflect from and to realize that they are World Changers and the importance of sharing their gifts and talents with the other’s and the world. In addition, we would like brown and black girls to have a deeper understanding of each other's cultures and Ancestor's to give them a greater understanding of their histories, build relationships and destroy negative impressions of one another. We want to encourage girls at a young age to understand that they have a Vision, Purpose, and Destiny.

The first group will be our prototype to see how things will run for the future. We would really appreciate your suggestions as well as participation.

The age groups are as follows:

- 5-6, 7
- 10-11-13
- 14-17

The schedule will be as follows:

- Welcome and sharing the vision with parents and girls. The Program will be for 7 weeks. We will also discuss stories about our Latino sisters.
 - We also are hoping that by week 3 all the girls will have their tee shirts.
 - Week 2 we will begin the reading group on the life of Bessie Coleman.
